*I pray that this album will take you on a journey to discover the goodness of God. That you will find new strength and new hope. I believe it will bring healing to You in every possible way you might need it. I pray that you may discover that God is faithful. That He is for you and that He will guide You through every situation. It doesn't matter where you come from or where you are in life right now. He wants to meet you right there where you are.*

*With love Asarela*

A woman with long brown hair is standing in a field of tall, dry grass. She is wearing a short-sleeved, knee-length dress with a vibrant, multi-colored geometric pattern in shades of red, blue, yellow, and purple. She is smiling and looking upwards and to the right. The background consists of a dense line of green trees under a soft, overcast sky. The overall mood is peaceful and contemplative.

*Let my life give honor to You  
Let my words only bring You praise*

# Thank you

In the first place I want to thank and honor  
God for His love and faithfulness.  
To Him be the glory.

I want to thank and honor my husband Michel  
for your love and support. Without you I  
wouldn't have been where I am right now. Thank  
you for teaching me to always dream big dreams  
and never doubt the greatness of God.

I want to thank my father and my mother for  
always believing in me. I wouldn't have been

where I am right now without your  
support. I love You!

Thank you Roland en Belinda Peeters for  
your support to make this album come true.  
You have always believed in me and never  
hesitated to help.

Last but not least I want to thank my church

my heart. One by one you have supported me  
in every season.
